Age of individual completing form (must be 18 or older)

Team Member(s) and Age(s), if applicable

Design Title

Design Description: Describe your design concept, inspiration, and how it will look on the hydrant.

Visibility Considerations: How does your design ensure the hydrant remains easily identifiable for emergency responders?

Color Selection: May choose up to 5 colors (check the box(es))

☐ Red ☐ Yellow ☐ Green ☐ Blue ☐ White ☐ Black

Other:

Please attach design drawing or image at the back of this application using the template provided. Applications without a design or image will not be considered. Check the box to mark you have read. ☐

Tell us about yourself!

☐ **Check the box:** I confirm this is an original design with no copyrighted materials.

☐ **Check the box:** I understand the AI-generated (Artificial Intelligence) designs will be automatically disqualified.

☐ **Check the box:** I understand that, although this project is open to the public, designs submitted by South Side Easton residents will receive priority.

☐ **Check the box:** I will attend the fire hydrant art event on **October 3rd, 2026**, if selected.

☐ **Check the box:** My design will not interfere with fire hydrant visibility for emergency services.

☐ **Check the box:** I understand no business logos or commercial endorsements are allowed.

☐ **Check the box:** I understand that fire department emergency operations will always take precedence over preserving the artwork.

☐ **Check the box:** I acknowledge that my painted hydrant may be damaged during legitimate fire department operations and that no compensation will be provided for any damages.

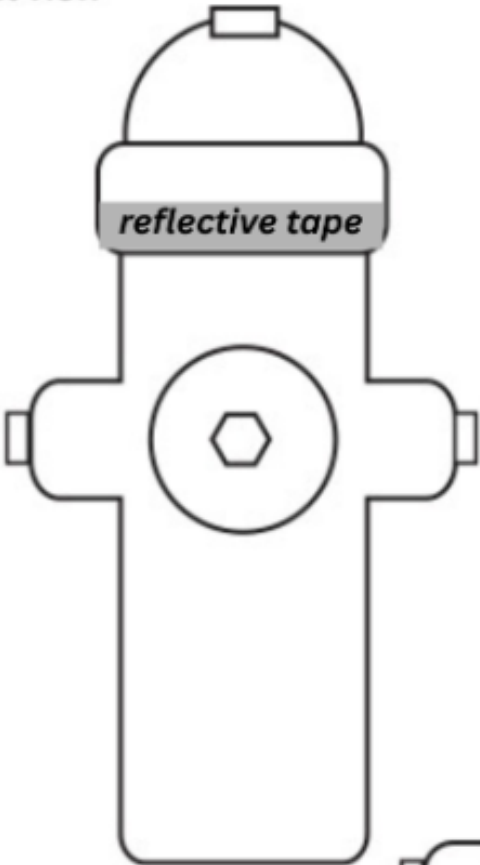

☐ **Check the box:** I understand that the City of Easton, Easton Area Neighborhood Center, Blueprint Communities, Greater Community Development Corporation, South Side Spark, and/or other participating entities are not responsible for any damage to or alteration of artwork on the fire hydrant, including damage resulting from emergency fire department operations, maintenance, weather, vandalism, or other circumstances.

- ☐ **Check the box:** My design will not “hide” the hydrant or cause it to blend into the surrounding area.
- ☐ **Check the box:** I agree that my design is subject to approval by the South Side Fire Hydrant Initiative selection committee.
- ☐ **Check the box:** I agree to modify my design if requested to ensure emergency visibility requirements are met.
- ☐ **Check the box:** I agree to the terms and conditions outlined above to be considered for the South Side Easton Fire Hydrant Initiative.
